

# Mailing Lists

Mailing List	Description	Traffic
<a href="#">Artwork</a>	All about the Tiki look & feel, graphics, icons, themes, logos + other GUI stuff <a href="https://lists.sourceforge.net/mailman/listinfo/tikiwiki-artwork">https://lists.sourceforge.net/mailman/listinfo/tikiwiki-artwork</a> (Archive)	Low
<a href="#">CVS</a> (it is still called <a href="#">CVS</a> because this is what Tiki used before SVN). Changing would require additional work, so we leave as is.	SVN (Subversion) commits information, and comments about commits If you plan to develop and commit code, you should subscribe to this list. <a href="https://lists.sourceforge.net/mailman/listinfo/tikiwiki-cvs">https://lists.sourceforge.net/mailman/listinfo/tikiwiki-cvs</a> (Archive)	High
<a href="#">Development</a>	Tiki developers (the main decision/communication channel. Please <b>do not</b> use this forum for support — use the <a href="#">Forums</a> instead. <a href="https://lists.sourceforge.net/mailman/listinfo/tikiwiki-devel">https://lists.sourceforge.net/mailman/listinfo/tikiwiki-devel</a> (Archive)	Mid-High
<a href="#">PT-BR</a>	Lista de discussão Tiki em português, para usuários e desenvolvedores. <a href="https://lists.sourceforge.net/mailman/listinfo/tikiwiki-pt-br">https://lists.sourceforge.net/mailman/listinfo/tikiwiki-pt-br</a> (Archive)	Mid-Low
<a href="#">Deutsch</a>	German Language User Group (GLUG) - deutschsprachige Tiki Benutzergruppe <a href="https://lists.sourceforge.net/lists/listinfo/tikiwiki-deutsch">https://lists.sourceforge.net/lists/listinfo/tikiwiki-deutsch</a>	Low
<a href="#">Users</a>	General list for Tiki users <a href="https://lists.sourceforge.net/mailman/listinfo/tikiwiki-users">https://lists.sourceforge.net/mailman/listinfo/tikiwiki-users</a> (Archive)	Mid

We mirror ( [dogfood](#) ) the developers mailing list here:

- <https://tiki.org/forum26>

There is also a web mirror of some Tiki mailing lists:

- <http://tikiwiki.1073613.n5.nabble.com/> (user & dev, last updated in August 2017 as of 2018-07-20)

Note: For historical reasons, we continue to use mailing lists instead of exclusively [Dogfooding](#) the [Tiki forums](#). [Forum and Mailing List Synchronization](#) is in place though.
